

Scrambul Rules and Regulations

I. General Information

The information contained herein shall serve as the official Rules and Regulations for racing and motorsport events as organized by Scrambul INC (referred to in this document collectively as “Organizer”), or for any event in which Organizer is a party to. These Rules and Regulations are to serve as the technical and safety guidelines for which all participants and vehicles shall abide by and maintain accordance therewith, as may be amended from time to time at the sole discretion of Organizer. By participating in an event associated with Organizer, any and all participants shall be subject to these Rules and Regulations, as well as any amendments or additional Rules and Regulations imposed by Organizer, at any time whatsoever.

II. Release of Liability, Assumption of Risk

Participants should knowingly understand that racing and high-speed events such as these are inherently dangerous. As a result, there is a serious risk of injury and death by participating in such. Each participant shall sign a Release of Liability evidencing that they assume their own risk and waive the right to sue the Organizer. Participants understand that they are solely responsible for the safety of their vehicle and solely responsible for being in compliance with the safety and technical specifications contained in this document. It is not the responsibility of the Organizer to verify such, although Organizer may check any requirement at any time. Non-compliance with the Rules and Regulations may result in removal from the event without refund, or a ban from any and all future events.

III. Acknowledgment Acceptance of Rules and Regulations

Each and every participant in an event associated with Organizer, evidenced by their registration or participation in an event, shall constitute an acknowledgement and acceptance of these Rules and Regulations. Any and all interpretation of such Rules and Regulations shall be by the Organizer in their sole discretion.

IV. Policies and Procedures

As a participant of the event, Participant shall be subject to all rules imposed by Organizer and Event Staff. This includes rules with regard to alcohol, weapons, behavior, speed limits, restricted items, or otherwise. Participant acknowledges and agrees that they are to abide by, and not deviate from, any rules imposed by Organizer or they will be removed from the event without refund. Participant shall be liable for any and all property damage including without limitation burnouts in non-designated areas,

damage to equipment (lights, signage, buildings, cones, vehicles, or otherwise), damage to fencing or otherwise.

V. Self-Tech Acknowledgment

Participant acknowledges and agrees that they are solely responsible for the safety of their own vehicle, and that it is not the responsibility of the Organizer to verify. Organizer shall have the right to check any vehicle at any time to verify it is compliant with the Rules and Regulations.

VI. Participant Vehicle Equipment and Safety

A. Automobiles - General Equipment and Condition

Scrambul Cold Fusion only accepts “street car” class of vehicles. Pro-mods, Dragsters, Funny Cars and similar vehicles are not allowed. Vehicles must not have any frame lengthening. Organizer decides at their own discretion what constitutes a “street car” and what vehicles will be allowed.

i. Engine

1. Battery is secured and terminals are covered
2. No fluid leaks
3. Radiator overflow is safe

ii. Suspension

1. Wheel hubs and bearings have no play
2. Spring and shock bolts are tight
3. Sway bar bolts are tight
4. No unusual steering play
5. All wires and hoses are secured and free from suspension components

iii. Wheels/Tires

1. All lug nuts are tight and torqued
2. Sufficient tire tread (more than 2/32's)
3. Tires are in good condition (no tears or cords showing)
4. Tires do not have defects (such as flat spots)
5. Tires do not have severe cracks

iv. Brakes

1. Taillights work properly
2. Brake lines are secured
3. Brake rotors are in good shape (not cracked or warped)

4. No leaking brake fluid
5. Brake pads have more than 5mm left

v. Body

1. Body panels are secured
2. Gas cap is secured
3. Tow hook or suitable tow point established

vi. Muffler

1. Vehicle must have operational muffler.

B. Automobile Safety Equipment

i. Safety Requirements for all Tracks

1. Helmet - All participants must wear a Snell SA2015 or newer safety rated helmet with visible sticker. Motorcycles helmets ARE NOT acceptable.

2. Seat Belts and Driver Restraints
At minimum, factory installed three-point seat belts must be worn.

If your car is model year 1974 or older AND does not run faster than 11.49 seconds in the 1/4 mile (7.35 1/8th): A minimum "2-point factory installed" is required. Vehicles in this category are prohibited from all 1/3rd mile or longer races and all rolling races.

3. Clothing

Long pants and close-toed shoes must be worn. No shorts, sandals, or flip flops of any kind shall be permitted.

4. Convertible/Open Cockpit Vehicles

Convertibles equipped with factory roll-over protection (factory A-pillars alone are not enough) may run top-up to 179mph. If a vehicle does not have factory roll over protection, a competition approved Roll Bar must be installed.

C. Vehicles Exceeding 165 mph

In addition to meeting the safety and equipment requirements, drivers exceeding 165 mph, drivers must have:

1. Roll Bar

Properly installed roll bar with, at minimum, four-points. Six-point and eight-point cages are highly recommended.

2. Seat Belts and Driver Restraints

Properly installed SFI or FIA rated harnesses with, at minimum, four points. Four points shall consist of two lap-belts and two shoulder belts. Belts must not be expired and not older than five years from manufacture.

Vehicle Exceptions: If your vehicle has no performance modifications and is as it came from the original manufacturer, additional safety equipment in this section is not required. If the vehicle has any performance modification or combination of modifications, with the exception of “exhaust system, aerodynamics, suspension, tires or weight reduction”, the additional safety equipment in this section is required.

Optional items: The following safety items are recommended for all participants but are not required:

1. Gloves

SFI-rated driving gloves must be worn. No cotton, wool, leather, or other material driving gloves may be worn.

2. Seat Belts and Driver Restraints

Properly installed SFI or FIA rated harnesses with, at minimum, four points. Four points shall consist of two lap-belts and two shoulder belts. Belts must be not be expired and not older than five years from manufacture.

3. HANS Device/Neck Restraint

Properly installed HANS Device or similar neck restraint whereas the helmet shall be connected to the restraint to provide neck support.

4. Fire Suit

SFI-rated driver's suit. A fire jacket at minimum is required, but a full suit is highly recommended.

Non-compliance of any safety, speed and/or equipment rules or requirements may result in immediate removal from the event and a ban from future events, without refund.
